

University of Utah School of Medicine
Department of Pathology
Bachelor of Science Program in Medical Laboratory Science

John M. Matsen Scholarship Application
2021 - 2022

Introduction:

John M. Matsen, M.D. was a passionate, accomplished physician and scientist and is lauded for his vision and influence in the founding of Associated Regional and University Pathologists, Inc. (ARUP Laboratories), where he served as its President, Chief Executive Officer, and Chair of the Board of Directors. He was also Chairman of the University of Utah's School of Medicine Department of Pathology, where he shaped many careers and drove the advancement of clinical microbiology. Throughout his career, Dr. Matsen held numerous positions among national committees and professional societies and obtained a long list of recognitions and awards. He was a revered mentor, instructor, and professor and forged a legacy in the field of pathology and at the University of Utah.

Guidelines:

To be eligible for this scholarship, the applicant must:

1. Be a matriculated (degree-seeking), first year (junior) student in the B.S. Medical Laboratory Science program.
2. Complete the attached application. (If an area is non-applicable, indicate with "N/A.")
3. Complete a "Free Application for Federal Student Aid" (FAFSA) form (www.fafsa.ed.gov). The institutional code for the University of Utah is 003675.

Instructions:

All applications must be submitted by **Monday, February 14, 2022**. Please fill out the application completely and type your entries.

Please submit the attached application to the MLS Program Administrative Assistant Victoria.Buchanan@path.utah.edu, and complete the FAFSA application with the university on or before the deadline.

General Information:

All complete applications will be reviewed by the MLS Undergraduate Program Scholarship Committee, which includes members external to the University of Utah. This scholarship is primarily awarded based on financial need. The University of Utah Financial Aid Office has access to submitted FAFSA information and will provide a basic ranking of your financial need (low, mid, high, very high) to the committee. The John M. Matsen Scholarship allows for award of \$2000 spring semester each academic year.

Goals and Financial Needs Statement for Education:

Please provide a general statement about your career goals in medical laboratory science and financial status. Include such items as long-term career plans (if known), sources of financial support for pursuing your educational endeavors; number of dependents; annual educational expenses; and any additional information for committee consideration. ***Most importantly, how will scholarship support assist you in meeting your education goals if you are selected as a recipient?***
